

Cassonetto

An innovative solution designed to replace old wooden shutter boxes.

It allows for quick installation and a neat, aesthetic finish, while enabling easy maintenance.

decco[®]
E X T R U S I O N

- Cassonetto can be perfectly matched to the color and size of your windows, ensuring a consistent look across all joinery elements.
- It shortens installation time and reduces the need for additional finishing work.
- When combined with renovation frames, it enables the installation of new windows without removing the existing frames.
- Cassonetto is an ideal choice for those looking for stylish and functional solutions tailored to the unique character of Italian architecture.
